Hi! Mr.Someshwer & Team,

Our new office inauguration function held on 16th June was a phenomenal success with 950 members (employees and their families) attending the event. Our employees and their family members were highly appreciative of the carnival conducted and were elated by the carnival environment created by you and your team.

Thanks to the Event Nine Entertainment team, the event went on successfully (in spite of rain god threatening the earlier day) and the carnival arrangements made by you.

**P: S:** I personally liked the "thotharaa" and "nagaara" being played every time the lift opened the door and when an employee walked in.

This is a royal way to treat an employee.

Thanks
