

Hi! Mr. Someshwer,

The event – Our Annual Outing at Chiraan Fort was very well received by our employees and managers. A lot of them believed that it was a good stress busting activity and a welcome break in the middle of a tough financial year

It has been a novel experience compared to our past events here in Hyderabad. I must say that you had been the most impressive of all vendors in the proposal presentation to us and our decision to go back and revisit our budget guidelines have been sweetly vindicated by the way you have pulled off the event

In fact, the word of mouth publicity spread has been fantastic and our employees have been giving your reference to our customers, as well, in their interactions with them, and to other regions and business units within Wipro. Our HR Head has asked us to send out a mailer to publicize the event across the HR community in the wider organization. I would also ask our Managers to share this mailer with the customers that they have been interacting with

*Warm Regards,
Abanith Viswam
Manager – Human Resources
Wipro*
